

# THE NEW SLC

AIRPORT REDEVELOPMENT PROGRAM

PHASE 3 COMING IN 2024

The New SLC Email Alert – Winter 2024

## SLC International Named Uthahn of the Year

*The Salt Lake Tribune*

### Salt Lake City's new airport is The Tribune's Uthahn of the Year

One might reasonably quibble that the Uthahn of any year should be a person, not an inanimate object. But, with so much coming, going and growing, we would make the case that such an airport is very much alive.

**SLC Sets Record in 2023**

SLC hit a new high with a record number of passengers reported in 2023. From Jan. 1 through Dec. 31, 2023, the airport recorded 26,952,754 passengers, surpassing the previous record of 26,808,014 in 2019. The growth is attributed primarily to an increase in international passengers. Salt Lake Department of Airports Executive Director Bill Wyatt attributed the robust Utah economy and partnership with Delta Air Lines as a reason for the rebound in passenger traffic.

## Cirium Ranks SLC Fifth Worldwide

SLC International Airport was ranked in fifth place by Cirium in the 2023 Top Performing Global Airport category for on-time performance. Only one other U.S. airport ranked in the top five...congratulations to Minneapolis!

Hats off to Delta Air Lines, which took the lead for on-time airlines in North America. Cirium is touted as the world's most trusted source of aviation analytics.

In other rankings, J.D. Power recently released its North America Airport Satisfaction Study, and SLC ranked third in the size category. The study measures overall traveler satisfaction with mega, large and medium North American airports based on facilities, security screening and check-in processes, as well as retail and food/beverage offerings. Learn more about the rankings in [The Salt Lake Tribune](#) and see how SLC compared to other airports.

## The New SLC Construction Update

Construction of The New SLC Phases 3 and 4 continues to move forward at a fast pace. Phase 3 opens on October 22, 2024, which includes the Central Tunnel, Concourse B plaza and more shops and restaurants. When complete,

eight gates will extend to the east on Concourse B. Phase 4 is tracking close behind. The following photos highlight the work underway.

Phase 4 infrastructure work is underway with the installation of steel columns.

The Central Tunnel scheduled to open on October 22 and will include moving walkways, The River Art installation by artist Gordon Huether and an array of music.

The sun sets on a day of work of pile driving on Phase 4.

Steel beams are added through an opening in level 2 of the Terminal building to support more ticket counters on level 3.
