**Maureen Riley Advances to Second Vice-Chair in ACI-NA Leadership
Also Appointed to ACI's World Governing Board**

Executive Director of the Salt Lake City Department of Airports, Maureen Riley, has been elected Second Vice-Chair of Airports Council International-North America (ACI-NA) Board of Directors. For the last year, she has served as the Board's Secretary-Treasurer.

Ms. Riley was also appointed to the Airports Council International's World Governing Board for a three year term after serving an interim appointment for a year.

Airports Council International – North America represents local, regional, and state governing bodies that own and operate commercial airports in the United States and Canada. ACI-NA member airports enplane more than 95 percent of the domestic and virtually all the international airline passenger and cargo traffic in North America. More than 340 aviation-related businesses are also members of the association, which is the largest of the five worldwide regions of Airports Council International. Its mission is to advocate policies and provide services that strengthen the ability of air carrier airports to serve their passengers, customers, and communities.

"It is an honor to serve the aviation industry on this scale and to be involved in furthering the mission of worldwide airports and the customers they serve," comments Ms. Riley.
