

Airport Employment Requirements and Opportunities Salt Lake City International Airport

The Salt Lake City Department of Airports is the manager of Salt Lake City International Airport. General information is listed below for seeking job opportunities within the Department and some airport tenants. This is not a complete list and the information is subject to frequent change. There is not a central location for job applicants. Each company or organization operating at the airport hires independently. Most employment requires passing a ten year background check and a drug screening test among other requirements.

Salt Lake City Department of Airports

Salt Lake City Department of Airports is a department of Salt Lake City Corporation. A list of open positions is available on the City's website at: www.slcgov.com/jobs. This information is also available on the City's job hotline at (801) 535-6625 or at the Human Resources office located in the City & County Building at 451 South State Street, First Floor. You can reach the Human Resources office by phone at (801) 535-7900.

Airlines

Visit the airline websites for job opening information and to apply. A complete list of airlines serving Salt Lake City is available at www.slairport.com. General job requirements are listed below.

Pilots must be at least 21 years old with 20/20 corrected vision. High school graduation is required and a college degree is preferred. Applicants must also hold professional licenses as stipulated by each airline.

Flight attendants must be at least 21 years old and in good physical condition meeting certain vision requirements. High school graduation is required and some college or business experience, language, computer skills and public contact background is beneficial.

Reservation agents must be at least 18 years old. High school graduation is required and some college or work related experience is desired.

Baggage handlers must be in good physical condition with the ability to work in all types of weather and other conditions. Computer knowledge is helpful.
