

Atlantic Aviation Offers Complimentary Tie Down Parking for U42 Customers During Runway Closure

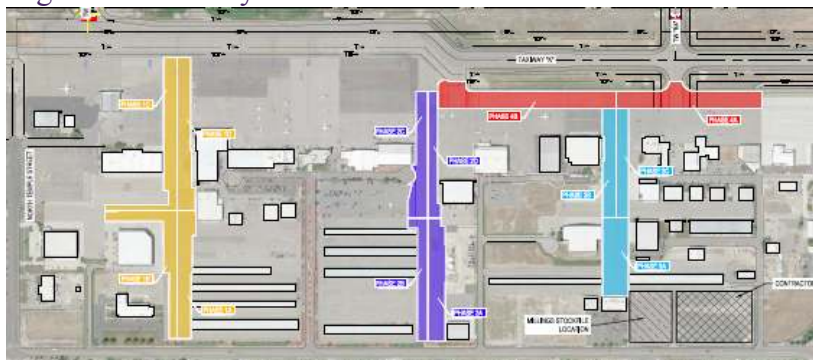

Atlantic Aviation at Salt Lake International Airport (SLC) will provide complimentary tie down parking to customers that want to relocate during the South Valley Regional Airport runway overlay closure. The tie down spaces are on the Atlantic Aviation ramp located between hangar rows 10 and 15 at SLC. The spaces are available to the first 40 customers and will be available seven days before the closure and seven days after the runway re-opens, which would be between May 13 and June 10. The runway is still expected to close between May 20 and June 3. Dates may change depending on the construction schedule.

Customers will need to bring their own tie down straps to the parking location. Atlantic Aviation will require customers to sign their standard ramp usage agreement. Airport Operations will escort customers from gate 4 to their aircraft during the displacement.

Contact Airport General Aviation Manager Dave Teggin at dave.teggin@slc.gov if you would like to use one of the tie-down spots during the closure.

SLCIA Ramp Paving Project Coming Soon

Plans to repave taxi-lanes around the general aviation ramps of Salt Lake International are underway with work expected to begin this fall. Stay tuned for more information.

SLC RWY 14/32

Overlay Begins July 10

The overlay of runway 14/32 begins on July 10. The project is scheduled to last 95 days and includes a 60-day closure of runway 14/32. Runway 17/35 will close with runway 14/32 for a 10-day period during the project. The work consists of the following four phases:

Phases 1 and 2-25 Days Duration

Runway 14/32 will be closed. The north end of taxiway Q will also close.

Phase 3-10 Days Duration

Runway 14/32 will remain closed for 40 days. Runway 17/35 will close for a 10 day period during the 40 days to allow for paving tie-in.

Phase 4-15 Days Duration

Runway 14/32 will open for daytime operations only. Crews will work on grooving, painting and, electrical work.

Updated information and future construction dates will be listed in the May GA newsletter.

Dates are approximate and may change due to weather and other issues. Please check NOTAMS prior to any flight for the up to date information that could affect your flight.
